

Top-Werk GmbH, 57299 Burbach-Wahlbach, Germany

Change of management within the Topwerk Group

In the Topwerk Group, a leading global supplier of machines and systems for the concrete industry the management of some affiliates has changed. Richard Scheuerlein and Georg Prinzing, main initiators of the Topwerk Group and former Managing Directors of SR Schindler GmbH respectively Prinzing-Pfeiffer GmbH, stepped down by mutual agreement. In future, they will support the company in an advisory function, focusing on sales.

"From now on, my emphasize will be on customer care and the further development of our powerful system solutions; to be able to dedicate myself to this task, I decided to withdraw from operative management," says Richard Scheuerlein. Georg Prinzing explains: "We have the most extensive product portfolio worldwide with the highest customer benefit. I want to promote this aspect further and make our customers aware of it." Richard Scheuerlein and Georg Prinzing will continue to be partners of Top-Werk GmbH.

With effect of this day, Olaf Arns, former Manager of the Business Development sector of the Topwerk Group, is taking over the management of SR Schindler GmbH in Regensburg. Oliver Rauter, to this day responsible for corporate planning in the affiliate Hess Group GmbH, is going to be Managing Director of Prinzing-Pfeiffer GmbH in Blaubeuren.

Michael Lanik, CEO of Topwerk Holding, emphasizes the great operative successes of the two initiators, who are partners of Top-Werk GmbH along with the holding company CGS: "Also in the future, we will continue to rely on the profound technical know-how of the two men, as well as on their excellent relation with their customers to promote the growth of the group.

On the Topwerk Group

The company group was established in 2013 under the roof of the Top-Werk GmbH. The Topwerk Group comprises the well-known companies SR Schindler, Prinzing-Pfeiffer and Hess Group.

The Topwerk Group with their four product sectors and brands Hess, SR-Schindler, Prinzing-Pfeiffer and Hess AAC Systems develops and manufactures machines and systems for the manufacture and finishing of concrete blocks and tiles, for pipe and manhole systems in the infrastructure sector, and for autoclaved aerated concrete.

Last year, the Topwerk Group achieved sales of more than 120 million EURO. Currently, more than 640 employees in 7 countries provide convincing services for customers on all continents. ■
